A History of Exceptional Performance

Anything Goes! has earned a reputation as the best-performing carpet in the industry, and the products have undergone a series of “torture tests” to demonstrate their incredible texture retention capability. *Anything Goes!* was designed as a product that would give consumers a carpet that would be unlike anything available at the time, and we’ve put *Anything Goes!* carpet into locations in which the foot traffic exceeds what the average home would endure in decades of wear.

Anything Goes![®]

A New Generation of Excellence

Anything Goes![®] was originally developed more than thirty years ago to address the number one complaint concerning carpet performance—matting and crushing. While that problem still exists with many products, ShawMark’s *Anything Goes!* carpets have proven their worth through years of rigid testing, both in the laboratory and by way of real-world “torture tests” in some of the most demanding settings imaginable. Since its inception, approximately 42 million yards of *Anything Goes!* carpet have been sold.

Today, two collections of *Anything Goes!* are available - *Anything Goes! Classic* and *Anything Goes! Elite*. Both collections feature products crafted from either Anso[®] nylon or STAINMASTER[®] nylon; both collections are made to the same exacting standards as the original carpets. Both collections also feature a variety of the most stylish carpet visuals, including freizes, textures, loops, patterns, and saxonies.

Torture Tested

Hershey’s Chocolate World, Hershey, PA - 880,685 tourists

Knoxville World’s Fair, Knoxville, TN - 2,249,000 visitors

Grand Central Station, New York, NY - 350,000 commuters

Hong Kong Subway Station, Hong Kong - 500,000 subway riders

Hartsfield-Atlanta International Airport, Atlanta, GA - 500,000 travelers

Walt Disney World[®] Epcot[®], Orlando, FL - 500,000 cast members

Tennessee Aquarium, Chattanooga, TN - 500,000 visitors

Shaw Distribution Plant, Dalton, GA - more than 5,000,000 pounds of tractor-trailers with freight being driven over it during the course of a day

Remarkably, in every torture test *Anything Goes!* has stood up to the punishment and retained its tight twist and original appearance. ShawMark’s *Anything Goes!* no mat/no crush warranty is the only warranty of its kind that does not exclude stairs and hallways and is transferable.

Although few carpets would suffer any comparable punishment to the torture test, the projects allow the company to demonstrate the incomparable appearance retention of *Anything Goes!* products.

The *Anything Goes!* Warranties

Anything Goes! Classic and *Anything Goes! Elite* styles feature exceptional warranties, reflecting the very best quality and providing outstanding protection.

Anything Goes! No Mat/NoCrush Warranty

Anything Goes! carpets were originally developed more than thirty ago to address the major complaint about carpet performance: matting and crushing. Before the advent of stain resistance technology, *Anything Goes!* carpets were demonstrating their appearance retention capability and satisfying thousands of consumers across the country.

The objective of making such a high-performance carpet was simple: to keep carpet beautiful. Most carpets are extremely resistant to wear; there is no appreciable fiber loss, even after years of use. But matting and crushing over time can cause the yarn tufts to lose their resiliency and fresh appearance, causing the carpet to “ugly out.” With *Anything Goes!*, the carpet you see today will retain its beauty for years to come.

Anything Goes! Classic Styles will feature the following warranties:

- * Limited 10-Year *Anything Goes!* No Mat/No Crush Warranty
 - Includes stairs and hallways
 - Transferable if you sell your home
 - No exclusionary fine print regarding performance
 - No carpet cushion specification or requirement
 - Covers replacement carpet for 10 years, labor cost for 5 years
- * Limited Lifetime Stain and Soil Resistance Warranties, including Pet Urine Stain Warranty
- * Limited 20-Year Texture Retention Warranty
- * Limited 20-Year Abrasive Wear Warranty
- * Limited 20-Year Quality Assurance Warranty
- * Limited 20-Year SoftBac® Platinum No-Wrinkle Guarantee
- * 30-Day Customer Satisfaction Guarantee

What Makes *Anything Goes!* And the No Mat/No Crush Warranty Different

There are two types of performance warranties: texture retention and no mat/no crush. The no mat/no crush warranty is less common, because the requirements for carpet performance are more stringent.

In many texture retention warranties, there is no minimum durability rating, and the warranty only covers “significant” loss of texture. Moreover, texture retention warranties often require the use of an approved pad; for example, a pad of 7/16" thickness or less with a minimum of 6-pound density may be stipulated. Matting and crushing, defined as the tufts coming untwisted or the pile becoming crushed, is excluded from texture retention warranties.

The *Anything Goes!*® warranty against matting and crushing promises that the carpet “will not mat or crush from foot traffic.” The no mat/no crush warranty is clearly more definitive, with no specification regarding the degree of matting and crushing.

In order to qualify for the *Anything Goes!* no mat/no crush warranty, these carpets are subjected to testing that is equivalent to twice the punishment endured by most styles tested for texture retention, and a minimum durability rating is required, certifying the carpet is suitable for high-traffic areas. There are also no pad requirements, and there is no subjective terminology, such as “significant loss,” included in the *Anything Goes!* no mat/no crush warranty.

Anything Goes! styles carry a texture retention warranty in addition to the matting and crushing warranty, offering you added coverage for your carpet’s performance.

Anything Goes! Elite Styles will feature the following warranties:

- * Limited 20-Year Texture Retention Warranty

Anything Goes! Classic Limited Lifetime Stain Warranty

Who is covered

This warranty protects you, the original purchaser, if you have purchased an *Anything Goes!* Classic carpet for your own residential use in an owner-occupied residence.

What is covered

ShawMark warrants that your *Anything Goes!* Classic carpet will remain stain resistant to most household food and beverage substances from the date of the original installation in an owner-occupied residence in a proper indoor installation for as long as you own your carpet. Many *Anything Goes!* Classic carpets are treated with Shaw's R2X® Stain and Soil Resistance for enhanced protection, while STAINMASTER styles are also protected.

Exclusions

This Limited Residential Warranty specifically excludes stains from substances such as bleaches, caustic chemicals, insecticides, paints, shoe polish, lipstick, plant food, iodine, very strong dyes, acids, feces, oil-based substances, and vomit.

Limited pet urine warranty

ShawMark warrants that your *Anything Goes!* Classic carpet will resist staining caused by pet urine stains. Stain resistance means the ability of your carpet pile to resist (i.e., minimize or withstand) permanent stains for as long as you own your carpet.

Exclusions

This warranty excludes any urine stain other than pet. Pet feces and vomit are excluded. Odor resulting from the covered pet urine stain is excluded. Wicking may occur requiring the pet urine area to be cleaned more than once. If above-mentioned stains are saturated and result in wicking, these stains will release with additional re-cleaning. Wicking is defined as a reappearance of previously cleaned stains due to liquid remaining in carpet backing or padding.

Cleaning of the affected area should begin immediately upon

discovery. The more time that elapses before removal, the more difficult a stain will be to remove.

PLEASE NOTE: NO CARPET IS ABSOLUTELY STAIN PROOF.

While carpet covered under this warranty is protected with stain release agents, some staining may still occur, especially over time and in high-traffic areas. This carpet is warranted to provide additional stain resistant properties to your carpet when compared to conventional nylon carpet. This protection will increase your ability to clean up stains, not prevent stains. Depending on the type of substance causing the stain, removal may require substantial repeated cleanings, and some stains may not be removable.

ShawMark may, at its sole option, elect to have the affected area of the carpet cleaned professionally.

Further exclusions

This Limited Residential Warranty also specifically excludes: any carpet which has been treated after installation with any silicone-based anti-soil treatments; any carpet in any nonresidential use; any carpet subjected to abnormal abuse; any carpet exposed to very hot substances or other abusive conditions; damage due to the application of improper cleaning agents; deterioration in appearance not related to staining of pile fibers. Failure to follow recommended carpet care and cleaning instructions described in the Shaw Industries booklet, "Carpet Care and Maintenance," may result in damage not covered by your warranty.

Treatment of the affected area should begin immediately upon discovery. The more time that elapses before treatment, the more difficult a stain will be to remove.

The coverage period

This warranty coverage runs from the date your carpet is installed to as long as you own it.

Soil resistance means the ability of your carpet to resist (i.e. minimize or withstand) retention of the common dry dirt normally associated

with carpet. Keep in mind, light-colored carpets will show soiling more than darker colors and will require more frequent maintenance to retain their appearance.

SHAW GENERAL WARRANTY TERMS AND CONDITIONS

A. Limitations on Your ShawMark Warranties

First quality products

Warranties are not applicable to carpet sold as second quality or used, or carpet sold at discontinued pricing or inventory sold as excess (discounted).

Improper installation

Improper installation can cause problems with your carpet. Proper installation requires use of a suitable FHA-approved pad. Shaw recommends a pad with a thickness of 1/2" or less and minimum 6-lb. density for optimum performance. Consult your retailer for details. We are not responsible for any defects caused by improper installation. Examples are wrinkling due to insufficient stretch, loss of tufts due to improper seaming, and/or damage to the backing system.

Improper maintenance or inadequate care

Your carpet requires routine maintenance. Please follow the recommendations in Shaw's "Carpet Care and Maintenance" booklet. We are not responsible for damage to your carpet caused by improper maintenance or inadequate care, which could result in damage not covered by your warranties.

Accidents, abuse, or abnormal wear

Your ShawMark warranties do not cover damage resulting from accidents or abuse such as staining, soiling, burning, flooding, cutting, and damage caused by pets. Staining from common household food and beverage substances is covered under the ShawMark *Anything Goes!* stain warranties.

Pad failure

Deterioration of the padding can cause problems with your carpet. We are not responsible for any defects caused by failure of the carpet

pad. Please see the pad manufacturer's warranty statement for more information. NOTE: Shaw recommends an FHA-approved pad with a maximum thickness of 1/2" and minimum 6-lb. density for optimum performance. Firmer, thinner pads generally perform better.

Problems with moisture

Your ShawMark warranties do not cover problems caused by wetting or the persistence of excessive moisture. For immediate assistance, contact a certified water damage restoration specialist. The Institute of Inspection, Cleaning and Restoration Certification (IICRC) maintains a registry of trained, certified specialists: call 1-800-835-4624.

Changes in carpet color

Your ShawMark warranties do not cover changes in carpet color resulting from external causes, such as fading due to sunlight or spills of household chemicals and other non-food and non-beverage substances.

Differences from samples

Your ShawMark warranties do not cover minor and normal differences between the color of the retail store sample and color of the actual carpet.

Replacement of discontinued carpet

If your carpet has been discontinued and replacement is necessary under the terms of your ShawMark warranty, ShawMark will offer a substitute carpet of comparable quality.

Geographic locale

These warranties apply only in the United States and Canada.

Consequential or incidental damages

WE EXCLUDE AND WILL NOT PAY CONSEQUENTIAL OR INCIDENTAL DAMAGES UNDER THESE WARRANTIES. By this we mean any loss, expense, or damage other than to the carpet itself that may result from a defect in the carpet.

Implied warranties

NO IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, EXTEND BEYOND TERMS OF THE WRITTEN SHAW WARRANTIES. By implied warranties we mean ones that the law presumes to have been given by the seller even though they aren't set out in writing.

PLEASE NOTE: Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above limitation or exclusion may not apply to you.

YOU HAVE LEGAL RIGHTS UNDER THIS WARRANTY

These warranties give you specific legal rights, and you may also have other rights which vary from state to state. Except for these rights, the remedies provided under these warranties state the limit of Shaw.

B. Homeowner Obligations under the Shaw Warranties

In order to maintain and protect your coverage under the terms your Shaw warranties, you must do the following:

1. Keep proof of purchase in the form of a bill, invoice, statement, or this completed warranty brochure from your Shaw retailer, showing the price you paid for the carpet, excluding pad and labor.
2. Install your carpet according to the guidelines outlined in the Carpet & Rug Institute Installation Standard effective October 1, 2009 and maintain your carpet according to the recommendations described in the Shaw "Carpet Care and Maintenance" booklet.

Professional Cleaning – Periodic professional cleaning of the overall carpet is highly recommended. The frequency of overall cleaning may vary depending on the level and type of traffic and the conditions to which your carpet is exposed. This may range from as little as 6 months to 24 months between cleanings. Your carpet should be properly cleaned at least once every 24 months to maintain its appearance and useful life. (See page 10 for more information.)

Routine spot removal – research has shown that many products sold for do-it-yourself spot removal clean poorly and their residues attract soil on the cleaned area rapidly afterward. The Carpet and Rug Institute's Seal of Approval program tests and certifies products that meet stringent standards and thus clean effectively, without damage to your carpet.
